Examiner's Amendment

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

In claim 17, line 9, delete "4" .

The change has been made to delete reference numerals in the claims which applicant apparently intended in the previous amendment.

The following is an examiner's statement of reasons for allowance:

Claims 17-32 are allowed because the prior art does not disclose or suggest a crown for a timepiece comprising a first element deformable resiliently and rotating in a first direction cooperating in rotation with an inner periphery of a rigid element of annular shape when the rotational couple therebetween is less than a predefined value, beyond which the first element is capable of being deformed to disconnect the cooperation with the rigid element, the rigid element being fixed in relation to the crown.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Vit W. Miska whose telephone number is 571-272-2108. The examiner can normally be reached on M-F 9-5:30.
